

City of Lima Aggregation Program

Control Your Energy Rates

The City of Lima is providing your community with an opportunity to gain “buying power” on your electric rates. On Election Day (**May 2, 2023**) your community will have electric aggregation on the ballot. **By voting FOR aggregation, you will allow your local officials to negotiate electric generation at a discounted rate for your community.**

BE INFORMED. VOTE INFORMED.

See reverse for your informational meeting date and location.

Facts about Aggregation

COMMUNITY BUYING POWER = MORE CHOICE

Voter approval gives you more choice to decide what’s best for your electric and natural gas needs.

OPT-IN OR OUT AT ANY TIME

Participation is completely voluntary and there are no contracts or added fees.

NO INTERRUPTION OF SERVICE

Whether you opt-in or out, your service continues as usual. No change.

Frequently Asked Questions

Q: What is aggregation?

A: Governmental aggregation is an easy and effective way for a large group of consumers to receive discounted generation pricing on their energy bills.

Q: Can my price change without my knowledge?

A: No. Residents will be notified prior to any changes when programs are renewed and new pricing & terms are set. They will be given the opportunity to opt-out prior to implementation.

Q: Will aggregation have a negative effect on restoring service when there are outages?

A: No. Since your local utility still delivers power to you, they will restore service after an outage.

Q: Can I opt-out of the program at a later date?

A: Yes. You can leave the program at any time for any reason with no cancellation fee from the supplier.

Q: What if I've already selected an alternative generation supplier?

A: If you have already chosen an alternate supplier you will stay with your chosen supplier. You will still have the choice to join the aggregation program at a future date if you wish to.
